ADVANCED CODE - LAWS AND RULES - WIND MITIGATION

"One of the most unique educators today, combining humor with relevant and current information satisfying the 14 hour C.E. requirement for Florida Licensed Contractors"

ONLINE SCHOOL AVAILABLE @ CONSTRUCTIONCOMEDY.COM

Your Instructor

CARMEN CIRICILLO The Construction Comedian

IT'S THE TEACHER THAT MAKES THE DIFFERENCE!!

One of the biggest issues contractors have with continuing education is that it is boring. If you've been to my school before you know I don't let that happen. I take the topics, squeeze out the most relevant information and flavor it with humor. I will make the most out of your 14 hours - you will not only learn but you'll also be entertained.

I have performed and taught for many construction associations like **ABC, AGC, NAHB** and corporations like **DuPont, Carrier, Centex** and more. I was also the featured speaker for the **AIA Florida** annual convention where I spoke on green building. I continue to headline comedy clubs nationally so I can sharpen my skills and improve my comedy routines. I have written and sold material to **Jay Leno** for "The Tonight Show", toured with **NASCAR** and for three seasons appeared on the **Discovery Channel's "Your New House"** TV show. My latest comedy CD can be heard currently on **XM** satellite radio.

I do strive to stay informed. Recently I attended the **US Green Buildings Council LEEDS** seminar. I have also completed the **OSHA 500**, the **FLASH Safety Retrofit**, the **FAIA Worker's Comp Update** and the **PHCC Mold Remediation** courses. In 2005 I became a **Florida Building Code Trainer**. My combination of construction experience, comedic talent, **University of Iowa Bachelor of Business Administration degree**, continual research of issues important to contractors and participation in continuing education make my classes the ones to attend!

Course Descriptions

DAY 1 "FLORIDA CONTRACTOR COURSE A"* (7) C.E. Hours 8am - 3pm

Want to talk about something fun and exciting? Well that's what we're going to do when Carmen discusses safety and employee protection with you! You'll want to reread all of OSHA! Construction licensing laws under Chapter 489/455 and construction contracts will also be discussed by your favorite lawyers from the Robertson Group. The advanced code portion brings you up to speed on enforcement and education of the code. Finally we'll go through workers compensation and how to reduce fraud and you'll say where did the time go!

*Approved by the CILB #0608142, the ECLB #0800138 and Dade County submitted. Satisfies 1-hour Workplace Safety (WPS), 1-hour Business Practices (BSP), 1-hour Laws and Rules (L&R), 1-hour Worker's Comp (WC), 1-hour Advanced Code Module (ADV) and 2 hours General requirement.

DAY 2 "FLORIDA CONTRACTOR COURSE B"*** (7) C.E. Hours 8am - 3pm

Our second day is the best—we're almost done! We will cover our second part of safety which will include pursuing injury free workplaces. The second part of worker's comp will include a contractor favorite - how to lower your premium and much more. Construction economics, the big news of today will be covered including cost indexes, current costs of supplies, land and labor. Our next section is Green Building - the impact on Florida and current trends including LEEDS. Finally wind mitigation will cover opening protection systems, comparisons, and even code ratings. Who says we don't know how to have fun!

*** Approved by the CILB #0608143 and Dade County submitted. Satisfies 1-hour Worker's Comp (WC), 1-hour Business Practices (BSP), 1-hour Workplace Safety (WPS), 1-hour Wind Mitigation (WMM) and 3 hours General requirement.
